

Hi (Student XYZ)! My name is Amy from Trilogy Education Services at (XYZ COLLEGE). I'm calling welcome you to boot camp!

I look forward to working with you to make this journey over the next six months successful. I am here to help make sure you are prepared right from the start and I will be here for you throughout your boot camp. You will find that this program is going to feel like you just joined a community where everyone is guiding you to be successful in the digital economy.

The goal of this program is to:

- 1) ensure you possess the technical skills to be job-ready
- 2) have the personal confidence needed to succeed
- 3) and to provide career coaching and employer networking

I am sure you will have questions. That's why I am here. I will answer any questions and provide you with information about the program and resources available to you. Before I go any further- do you have any questions now? Any concerns?

I will be sending out your orientation materials tomorrow, so you can expect them to arrive in the next 3-4 days. This will allow you to get organized before the start of your course.

I want to review your tuition schedule with you to make sure that you understand how it works. Again, ask me any questions you have as they come up. With your tuition schedule in place, you'll be able to focus on your course work and be better prepared for your classes.

If you have any questions once you receive your materials, please do not hesitate to contact me. I will be in touch before the start of your course to ensure a successful start.

Again, welcome to your bootcamp!
